We are educators, health care providers, community advocates, program providers, faith-based originations, tribal members, businesses and parents within the communities who believe we can do more for our communities together than we can on our own. As an early learning hub, we are focused on three system wide goals for the region, which are:

1. Aligned, Coordinated and Family Centered System.

3. Healthy, Stable and Attached Families

Young children from birth to five are learning and developing at the fastest rate than any other time of their lives. As a community we are responsible to ensure the experiences a child has during this time creates a strong foundation for their future success.

UCAN U-TRANS
UCAN operates Douglas County's public transit system through a contract with the County. It is an integral part of Douglas County's Coordinated Public Transit Transportation Plan. Known as U-Trans, our buses offer the only mass transit for residents of the County. All of our buses are ADA accessible with wheelchair lifts that allow those with wheelchairs to access our buses comfortably.

U-Trans offers two types of service. We offer regular service to residents of Winchester, Roseburg and Green (with connection to Winston) as often as once an hour. We offer commuter service several times daily along the I-5 corridor with stops in Canyonville, Riddle, Tri-City, Myrtle Creek, Dillard, Winston, Wilbur and Sutherlin. We have located many Roseburg area stops near major retail outlets, social service offices, government offices and large employers. Commuter stops are found in centrally located, easily accessed areas of outlying communities.

In addition to these "fixed" routes, we offer "door-to-door" service for individuals with a qualifying disability. This service is referred to as Para-Transit and is available for any purpose. The service meets and exceeds ADA requirements. We offer this service anywhere we operate our "fixed routes," during the same times we operate our regular bus service, at locations within 3/4th of a mile of a fixed route.
