HABITAT FOR HUMANITY
Umpqua Valley Habitat for Humanity works in partnership with people in need to build and renovate decent, affordable housing. The houses then are sold to those in need at no profit and with no interest charged. Volunteers provide most of the labor, and individual & corporate donors provide money and materials to build Habitat houses. Partner families themselves invest hundreds of hours of labor - "sweat equity" - into building their homes and the homes of others. Their mortgage payments go into a revolving fund for Humanity that is used to build more houses.

The Douglas County Food Bank features a modern warehouse and distribution center. Staff work to improve the nutritional quality of food low-income residents consume by working with farmers, grocery stores, and local partners to obtain fresh vegetables and fruit, meat and dairy products. The Food Bank does not provide food directly to residents. Instead they collect, store, and distribute food to our network of fifteen food pantries and five community kitchens across Douglas County. For an updated list of network partners where you can access emergency food, please visit: http://www.ucancap.org/need-help/getting-food

UCAN U-TRANS
UCAN operates Douglas County's public transit system through a contract with the County. It is an integral part of Douglas County's Coordinated Public Transit Transportation Plan. Known as U-Trans, our buses offer the only mass transit for residents of the County. All of our buses are ADA accessible with wheelchair lifts that allow those with wheelchairs to access our buses comfortably.

U-Trans offers two types of service. We offer regular service to residents of Winchester, Roseburg and Green (with connection to Winston) as often as once an hour. We offer commuter service several times daily along the I-5 corridor with stops in Canyonville, Riddle, Tri-City, Myrtle Creek, Dillard, Winston, Wilbur and Sutherlin. We have located many Roseburg area stops near major retail outlets, social service offices, government offices and large employers. Commuter stops are found in centrally located, easily accessed areas of outlying communities.

In addition to these "fixed" routes, we offer "door-to-door" service for individuals with a qualifying disability. This service is referred to as Para-Transit and is available for any purpose. The service meets and exceeds ADA requirements. We offer this service anywhere we operate our "fixed routes," during the same times we operate our regular bus service, at locations within 3/4th of a mile of a fixed route.
